

## Spread the payments and reduce the cost of your pet care

### How do I join?

Two Rivers Vets Pet Health Club is easy to join. Please call in at the practice to complete a simple registration form, which will require your banking details.

Alternatively, scan the QR codes on the back of this leaflet.

You will be sent a welcome letter, in which you will find a copy of your full agreement details. You have 14 days to cancel should you want to. Your monthly payments will then be collected from your account by Direct Debit, along with a one-off joining fee of £10.00. If you would like any further information on our Pet Health Club, any of our practice staff will be happy to help you.

### Why Choose Two Rivers Vets?

We are a small friendly practice, with Vets who like to take the time to get to know their clients. We aim to treat every animal as if it were one of our own, whether it's a much-loved family pet, top-class competition horse or valuable pedigree bull. We provide our own 24 hour emergency service, so even in the middle of the night, one of our own Vets will answer the phone and be able to help you.

We are part of the RCVS Practice Standards Scheme, which aims to promote and maintain the highest standards of veterinary care through setting standards and carrying out regular assessments. It offers peace of mind to clients of accredited practices and a more informed choice to the animal-owning public.

### Practice hours

The easy way to pay for looking after your pet's health

## Welcome

At Two Rivers Vets we understand that providing your pet with the very best in preventative healthcare is important for helping them to lead a long, healthy and happy life. So we have developed Two Rivers Vets Pet Health Club, which brings together all the routine preventative healthcare treatments we advise for dogs, cats and rabbits, such as vaccinations, microchipping, worming, flea and tick treatments, neutering and dental care.

By joining our club, your pet will receive regular check-ups and reminders for all recommended preventative healthcare treatments, with many included in the cost and discounts on others. As a Pet Health Club member you can make substantial savings compared to paying for each treatment separately, and will have access to other exclusive member offers too. Talk to one of our team for more information about the plan, and sign up today by filling in a simple registration form.

## Why join our Pet Health Club?

- Regular check-ups with advice and support from our Vets and Vet Nurses will help your pet maintain good general health for life
- Annual vaccinations are essential for all dogs, cats and rabbits to stay healthy, and are included in the cost of the plan
- For dogs who like to go out and about, Pet Health Club members benefit from 50% off Kennel Cough vaccinations
- Remembering to treat worms, and finding the right products to prevent fleas and ticks can be tricky - so join the club and receive a full 12 months supply of the most suitable veterinary-licensed treatments for your pet with a reminder when they are due
- Microchips are now required by law for dogs - if your pet doesn't have one, this is included in the cost of the plan
- Discounts on routine preventative healthcare procedures are included - join the club and receive 10% off neutering and 20% off dental care (which includes pet toothpaste and toothbrushes, scale and polish under anaesthetic)
- Receive 15% off Hills pet food purchased in the practice, with regular weight checks and dietary advice
- Nail clipping and anal gland emptying can add up if your pet requires them - these are included in your membership, as needed
- By providing a full examination every 6 months, with a urine test for all pets and a blood pressure check for cats aged 8 years and over, we have the opportunity to pick up health problems early, which is important for keeping your pet well and happy throughout their life
- Payment is by convenient monthly Direct Debit, allowing you to spread the cost of all your pets preventative healthcare throughout the year

# The best care for your best friends
